SUMMARY

I recently finished my front-end devlopment course.I am excited to start working as a Front-end Developer.I consider myself a responsible and orderly person.I am always ready to work hard and improve my knowledge!

EXPERIENCE

INTERNSHIP IN WEB DEVLOPMENT

Ananta Technolab

2024

- Dynamic and motivated Front-End Developer with internship experience in developing user-friendly web applications.
- Proficient in HTML, CSS, Bootstrap, and JavaScript, I successfully contributed to creating responsive designs and enhancing website functionality.
- During my internship, I collaborated with cross-functional teams to translate design mockups into interactive interfaces.
